

One race away from a victory. One stroke closer to the cures.

---

## SAVE THE DATE

Head of the Indian Creek regatta, scheduled for **October 16, 2016** in Miami Beach, Florida, is requesting that your rowing programs save this date. The annual head race is expanding by offering a **Mixed Masters quad (4x)** event benefitting *Row for the Cure*®. This is an opportunity to tune up your skills for head season with an early head race AND support Breast Cancer Awareness. The regatta boasts 16 Masters/Adaptive events and 37 youth events.

Not competing? You can still support your favorite athlete through online donations at: [\*Row for the Cure\*®](#).

Head of the Indian Creek is a USRowing Nationally Recognized Regatta. It is also a designated regatta for the Florida Masters Regatta Series. Earn points for your club through your participation!
